Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the OptiCrop website. • Reads the instructions. • Starts using the application.	• Enters Nitrogen, Phosphorus, Potassium, Temperature, Humidity, pH, and Rainfall values. • Clicks the Predict Crop button. • Waits for the prediction.	• Views the recommended crop. • Reads the crop description. • Uses the recommendation for crop planning
Touchpoint <i>What part of the service do they interact with?</i>	• Web Browser • Home Page • User Interface	• Input Form • Predict Button • Flask Web Application	• Prediction Result Page • Crop Description Section • Recommendation Output
Customer Thought <i>What is the customer thinking?</i>	• "Can this application help me choose the best crop?" • "Is it easy to use?"	• "I hope I entered the values correctly." • "Will the recommendation be accurate?"	• "This recommendation will help me choose the right crop." • "Now I know which crop is suitable for my land."

Customer Feeling <i>What is the customer feeling?</i>	• Curious • Interested • Hopeful	• Focused • Slightly anxious • Expecting accurate results	• Happy • Confident • Satisfied
Process Ownership <i>Who is in the lead on this?</i>	Development Team	Flask Application & Machine Learning Model	Machine Learning Model & Flask Application
Opportunities <i>How can we improve this stage?</i>	• Improve homepage design. • Add project introduction. • Provide usage instructions.	• Add input validation. • Display sample values. • Improve form usability.	• Show confidence score. • Display top 3 crop recommendations. • Add fertilizer and irrigation suggestions.
